

Referral to CSS – New Process Refresher and Reminder

Thank you for your referral today.

In future, when you wish to refer your patient/client for Community Support Services, please use our standard referral form posted on the NE CSS mini-site insert URL

We have a new standard form and process for referring your patient/client to Community Support Service organizations in the NE LHIN.

It's simple and streamlined!

Go to <http://northeastcss.ca/>

1 Find Services

- Enter patient /client location
- Where can I find help with: Select service category
- Insert screen shot of category list
- Select service category
- View service sub-category listing
- Select service sub-category

2 Pick

- "Pick" the organization – it will be added to a list of services selected
- Click on 'My Services'(purple tab on right side of page)

2 Pick – Review – displays 'my services'

- Review selected services
- To make a referral – click "Health Services Provider- Make a Referral"

3 Connect – Review page

- Click on download CSS Referral Form AND Download Referral Contact Information
- CSS Referral Form is a 'fillable PDF' where you can enter patient/client information
- Print the filled form
- Print the Referral Contact Information Form
- Fax both forms to the service selected

You can access training and reference materials on the website:
